Strengthening equity capital and to support new projects

AS A LONG TERM, ACTIVE AND RESPONSIBLE INVESTOR, Unigrains' mission is to seek positive contributions to agricultural transitions and future food systems

Created by French grain growers in 1963, Unigrains supports the growth of agri-food and agro-industry companies through its tailor-made financial solutions, renowned sector expertise, added value platform, and responsible investment policy. Today, Unigrains manages 950 million euros and is a partner to 80 companies, operating at all stages of their development. With 60 years of experience investing as a private equity sector specialist, Unigrains has supported the development of over 1 000 companies.
